Subject Index

abdominal pain
  use of intravenous hydrocortisone in Henoch–Schonlein purpura 309
abdominal ultrasonography
  successful clot lysis in neonates 479
Aboriginal
  growth screening in Aboriginal schoolchildren 18
Aborigines
  otitis media in Aboriginal children (Annotation) 529
  tropical Australian infections (Review Article) 326
abstinence
  outpatient care of narcotic-dependent infants 266
Abstracts; A1 Division of Paediatrics, The Royal Australasian College of Paediatrics, Paediatric Abstracts presented at the Annual Scientific Meeting, May 2001
access
  childhood poisoning: access and prevention 262
accidental asphyxia
  car window entrapment 201
accidental death
  shared bathing and drowning 542
acetazolamide
  poisoning in a toddler 411
acidic pathway
  diagnosis and oral bile acid treatment 516
acidosis
  acetazolamide poisoning in a toddler 411
acridine orange leukocyte cytospin test
  in diagnosis of neonatal sepsis (Letter) 523
adolescence
  management of paediatric Graves' disease 176
adolescent
  harm reduction in adolescents (Annotation) 5
adverse events
  paediatric walk-out patients 235
  universal neonatal vaccination against hepatitis B (Annotation) 215
aetiology
  necrotizing enterocolitis in the full-term neonate (Review Article) 1
airway
  leucocyte populations in bronchiolitis 146
alkaline phosphatase
  transient hyperphosphatasaemia 359
alveolar capillary dysplasia
  alveolar capillary dysplasia 85
antenatal diagnosis
  congenital splenic cyst 400
  spinocerebellar ataxia type 7 81
anthropometry
  linear growth in cerebral palsy 376
anticoagulants
  paediatric antiphospholipid syndrome 405
antimicrobial resistance
  glycopeptide use within a paediatric hospital 342
antimicrobials
  in the management of invasive meningococcal disease (Annotation) 105
antiphospholipid syndrome
  paediatric antiphospholipid syndrome 405
anxiety
  parents' perception of cystourethrogram 271
aortic thrombi
  successful clot lysis in neonates 479
Arabic
  immunization of children from an Arabic-speaking background 28
asphyxia
  infants sleeping on sofas 476
  Munchausen syndrome by proxy 240
asthma
  asthma in Aborigines (Review Article) 108
  bone mineral density in asthmatic children 67
  leukaemia presenting as asthma (Instructive Case) 397
asymptomatic oesophageal perforation
  in a neonate (Letter) 523
asystole
  seizure related bradycardia and asystole 96
ataxia
  spinocerebellar ataxia type 7 81
athletic injuries
  scooter injuries in children 567
atrial surgery
  secundum atrial septal defects outcome following surgery 274
audiology
  conductive hearing loss and bronchopulmonary dysplasia 278
autistic disorder
  early features of autism (Review Article) 221
autonomic seizure
  seizure related bradycardia and asystole 96
autosomal dominant retinopathy
  spinocerebellar ataxia type 7 81

bacterial infections
  otitis media in Aboriginal children (Annotation) 529
bacterial meningitis
  smoking and meningitis in children 388
behaviour
  early features of autism (Review Article) 221
behavioural intervention
  preventing infant crying and sleeping problems 289
β-thalassaemia major
  serovirology of thalassaemic children 564
bile acid therapy
  diagnosis and oral bile acid treatment 516
bile duct hypoplasia
  infantile cholestasis 47
biliary obstruction
  infantile cholestasis 47
bladder
  asymptomatic bladder phaeochromocytoma 600
blood pressure tracking
  dinamap versus sphygmomanometer 545
blood pressure
  dinamap versus sphygmomanometer 545

blood transfusion
hepatitis C in premature neonates 244
body mass index
low-density lipoprotein subclasses in children 550
bone mineral density
bone mineral density in asthmatic children 67
bone
infantile cortical periostosis and indomethacin 305
book reviews
100–102, 211–213, 418–420, 604–606
breast milk
transmission of infections in breast milk (Neonatology for the Generalist) 576
breastfeeding
breastfeeding and cognitive development 465
determinants of breastfeeding 254
pacifier use and breastfeeding 58
transmission of infections in breast milk (Neonatology for the Generalist) 576
breathlessness
leukaemia presenting as asthma (Instructive Case) 397
bronchiolitis
pulmonary hypertension in bronchiolitis 64
bronchopulmonary dysplasia
conductive hearing loss and bronchopulmonary dysplasia 278
Burkholderia cepacia
Australian strain, no deterioration 130

Caffey's disease
infantile cortical periostosis and indomethacin 305
cancer
empirical therapy for febrile neutropenia 38
car window entrapment
and accidental childhood asphyxia 201
carbohydrate-deficient
glycoprotein syndrome 1b 510
cardiac functions
cardiac functions in malnutrition 14
cardiac tamponade
perforations of PCVC in very low birthweight infants 168
cardiologists
external paediatric echocardiography 331
cardiovascular system
transcatheter patent ductus arteriosus occlusion in the 1990s 451
caustic substance
inducing upper airway obstruction (Letter) 524
cefaclor
serum sickness-like reaction to (Instructive Case) 298
ceftriaxone
empirical therapy for febrile neutropenia 38
central diabetes insipidus
acquired 172
central nervous system infection
rotavirus encephalopathy 206
cerebral palsy
cerebral palsy in Australia: mortality and causes of death 183
intrathecal baclofen infusion in cerebral palsy 283
linear growth in cerebral palsy 376
chenodeoxycholic acid
diagnosis and oral bile acid treatment 516
chest physiotherapy
and porencephaly 554
child abuse
Munchausen syndrome by proxy 240
child development
breastfeeding and cognitive development 465
child poisoning
childhood poisoning: access and prevention 262
child
child injury morbidity in New Zealand, 1987–1996 227
paediatric melioidosis in the Northern territory 337
parents' perception of cystourethrogram 271
scooter injuries in children 567
secundum atrial septal defects outcome following surgery 274
childhood drowning
shared bathing and drowning 542
childhood hanging
car window entrapment and accidental childhood asphyxia 201
childhood hypertension
facial paralysis in (Instructive Case) 193
childhood
management of paediatric Graves' disease 176
children follow up
paediatric walk-out patients 235
children with acute asthma
discharge guidelines (Occasional Report) 539
children
acquired central diabetes insipidus 172
early features of autism (Review Article) 221
Henoch–Schonlein purpura-associated pancreatitis 311
low-density lipoprotein subclasses in children 550
low-level lead exposure and children (Annotation) 423
China
growth of Chinese infants 456
chi-squared test
comparing proportions (Statistics for Clinicians) 392
cholestasis
infantile cholestasis 47
chronic lung disease
nasal CPAP and outcomes of very low birthweight infants 161
cisapride
effect of cisapride in preterm infants 559
clinical trial
intrathecal baclofen infusion in cerebral palsy 283
coma
teenage (Instructive Case) 395
common variable immunodeficiency
severe chronic neutropenia 137
communication skills
and parents of neonates under intensive care (Letter) 415
comorbidity
childhood speech disorders 431
comparing proportions
using the chi-squared test (Statistics for Clinicians) 392
conductive hearing loss
conductive hearing loss and bronchopulmonary dysplasia 278
confidence intervals
comparison of means and proportions (Statistics for Clinicians) 583

congenital abnormalities
alveolar capillary dysplasia 85
congenital heart disease
and echocardiography (Editorial Comment) 321
congenital
paediatric cytomegalovirus infection (Neonatology for the Generalist) 187
transcatheter patent ductus arteriosus occlusion in the 1990s 451
conjugate pneumococcal vaccines
pneumococcal disease in children 571
constipation
slow transit constipation in children (Review Article) 426
corticosteroids
bone mineral density in asthmatic children 67
cough
cough frequency and perception 142
cough-meter
cough frequency and perception 142
country specialist position
vacant positions in rural Australia (Occasional Survey) 113
cow's milk
environmental triggers (Annotation) 218
coxsackie virus
environmental triggers (Annotation) 218
CPAP; continuous positive airway pressure
creatine phosphokinase
rhabdomyolysis following status asthmaticus 409
cross-cultural comparison
pneumonia severity and ethnicity 32
cyanosis
oximeter reading in a cyanotic infant 94
cystic fibrosis
Burkholderia cepacia: Australian strain, no deterioration 130
cytology
leucocyte populations in bronchiolitis 146
cytomegalovirus
infection in pregnancy (Instructive Case) 589
paediatric cytomegalovirus infection (Neonatology for the Generalist) 187

de novo mutation
de novo A3243G mutation in MELAS 87
deafness
paediatric cytomegalovirus infection (Neonatology for the Generalist) 187
decision making
parent views of a research project 51
delayed presentation
of an ingested foreign body causing gastric perforation 303
determinants
determinants of breastfeeding 254
developmental delay
parent-completed questionnaires 125
diabetes
dinamap versus sphygmomanometer 545
diagnosis
abolishing the bag 437
echocardiography in congenital heart disease (Editorial Comment) 321
necrotizing enterocolitis in the full-term neonate (Review Article) 1
diazoxide
persistent hyperinsulinaemic hypoglycaemia of infancy 483
disability
children followed with difficulty 152
discharge guidelines
children with acute asthma (Occasional Report) 539
distress
parents' perception of cystourethrogram 271
dopa-responsive dystonia
girl with (Instructive Case) 300
duodenal atresia
monosomy 10q with partial trisomy 11q 198
duration
determinants of breastfeeding 254
dynamic mutation
spinocerebellar ataxia type 7 81

echocardiography
external paediatric echocardiography 331
in congenital heart disease (Editorial Comment) 321
economic evaluation of prophylaxis against respiratory syncytial virus infection in at-risk infants (Letter and Reply) 317
empirical antibiotic therapy
empirical therapy for febrile neutropenia 38
employment model
vacant positions in rural Australia (Occasional Survey) 113
encopresis
slow transit constipation in children (Review Article) 426
enterocolitis
necrotizing enterocolitis in the full-term neonate (Review Article) 1
environmental exposure
low-level lead exposure and children (Annotation) 423
eosinophils
leucocyte populations in bronchiolitis 146
epidemic
hepatitis in children with measles 55
epidemiology
child injury morbidity in New Zealand, 1987–1996 227
necrotizing enterocolitis in the full-term neonate (Review Article) 1
pneumococcal disease in children 571
eradication
universal neonatal vaccination against hepatitis B (Annotation) 215
ethnic groups
immunization of children from an Arabic-speaking background 28
pneumonia severity and ethnicity 32
ethnicity
maternal awareness of sudden infant death syndrome 441
extreme prematurity
hepatitis C in premature neonates 244

facial paralysis
in childhood hypertension (Instructive Case) 193
febrile neutropenia
empirical therapy for febrile neutropenia 38
fenugreek
pseudo-maple syrup urine disease 403

FEV_1
Burkholderia cepacia: Australian strain, no deterioration 130
fevers and mouth ulcers
(Instructive Case) 507
first rib
first rib fracture secondary to pertussis 91
follow up
outpatient care of narcotic-dependent infants 266
children followed with difficulty 152
fracture
infantile osteopetrosis 520
full-term infant
necrotizing enterocolitis in the full-term neonate (Review Article) 1

gastric emptying
effect of cisapride in preterm infants 559
gastric perforation
delayed presentation of an ingested foreign body 303
gastroenteritis
transient hyperphosphatasaemia 359
genetic metabolic disease
infantile cholestasis 47
global warming
tropical Australian infections (Review Article) 326
granulocyte colony-stimulating factor
severe chronic neutropenia 137
Graves' disease
management of paediatric Graves' disease 176
growth monitoring
growth screening in Aboriginal schoolchildren 18
growth pattern
growth of Chinese infants 456
growth retardation
growth of Chinese infants 456
growth screening
growth screening in Aboriginal schoolchildren 18
growth
Burkholderia cepacia: Australian strain, no deterioration 130
nutrition of Chinese vegetarian children 247

harm reduction
harm reduction in adolescents (Annotation) 5
head protective devices
scooter injuries in children 567
heart catheterisation
transcatheter patent ductus arteriosus occlusion in the 1990s 451
heart defects
transcatheter patent ductus arteriosus occlusion in the 1990s 451
heart septal defects
secundum atrial septal defects outcome following surgery 274
height
risk factors for small-for-gestational-age babies in New Zealand 369
Henoch–Schonlein purpura
Henoch–Schonlein purpura-associated pancreatitis 311
use of intravenous hydrocortisone in Henoch–Schonlein purpura 309

hepatitis B
universal neonatal vaccination against hepatitis B (Annotation) 215
serovirology of thalassaemic children 564
hepatitis C
hepatitis C in premature neonates 244
serovirology of thalassaemic children 564
hepatitis
an unusual cause (Instructive Case) 587
hepatitis in children with measles 55
herpesvirus
paediatric cytomegalovirus infection (Neonatology for the Generalist) 187
HIV
serovirology of thalassaemic children 564
hyperbilirubinaemia
hyperbilirubinaemia in lipoprotein lipase deficiency 314
hypercalcaemia
bones, groans and blasts (Instructive Case) 504
hyperinsulinism
persistent hyperinsulinaemic hypoglycaemia of infancy 483
hypoglycaemia
persistent hyperinsulinaemic hypoglycaemia of infancy 483
hyponatremia
management of neonatal urinary ascites 513

ictal bradycardia
seizure related bradycardia and asystole 96
immunization
immunization of children from an Arabic-speaking background 28
pneumococcal immunization 382
immunodeficiency
pneumococcal immunization 382
impairment
children followed with difficulty 152
indeterminate sex
child of uncertain sex 348
indigenous Australian children
pneumococcal disease in children 571
indigenous bronchiolitis and palivuzumab (Letter) 416
indigenous
asthma in Aborigines (Review Article) 108
indomethacin
infantile cortical periostosis and indomethacin 305
infancy
transient hyperphosphatasaemia 359
infant care practices
maternal awareness of sudden infant death syndrome 441
infant crying
preventing infant crying and sleeping problems 289
infantile cortical periostosis
infantile cortical periostosis and indomethacin 305
infants
sleep and settle questionnaire 470
early features of autism (Review Article) 221
infant sleeping
preventing infant crying and sleeping problems 289
informed consent
parent views of a research project 51

ingested foreign body
causing gastric perforation 303
ingestion
childhood poisoning in Queensland 446
initiation
determinants of breastfeeding 254
inspired gas humidity
during ventilation 489
inspired gas temperature
during ventilation 495
intelligence
breastfeeding and cognitive development 465
intentional injury
child injury morbidity in New Zealand, 1987–1996 227
interpersonal skills
should parents assess doctors? (Review Article) 531
intervention studies
otitis media in Aboriginal children (Annotation) 529
intestinal neuronal dysplasia
slow transit constipation in children (Review Article) 426
intracranial sinus thrombosis
paediatric antiphospholipid syndrome 405
intractable seizures
pyridoxine-dependent seizures 592
intrathecal baclofen
intrathecal baclofen infusion in cerebral palsy 283
intravenous megadose corticosteroid
in a child with thrombocytopenic purpura due to mumps (Letter) 525
intubation
parents' psychosocial concerns (Instructive Case) 195
invasive meningococcal disease
antimicrobials in the management of (Annotation) 105
invasive pneumococcal disease
pneumococcal disease in children 571

Kawasaki disease
(Letter and Reply) 210

lactase deficiency
lactase deficiency and recurrent abdominal pain 157
lactase sufficiency
lactase deficiency and recurrent abdominal pain 157
lactate
umbilical cord lactate 24
lactic acidosis
de novo A3243G mutation in MELAS 87
lead
low-level lead exposure and children (Annotation) 423
left ventricular mass
cardiac functions in malnutrition 14
leucocytosis
neonatal post-transfusion white cell increment 44
leukaemia
bones, groans and blasts (Instructive Case) 504
presenting as asthma (Instructive Case) 397
lidocaine and heparinized saline: potential medication error (Letter) 317
lipoprotein lipase
hyperbilirubinaemia in lipoprotein lipase deficiency 314
liver disease
infantile cholestasis 47
lymphocytes
leucocyte populations in bronchiolitis 146

management
necrotizing enterocolitis in the full-term neonate (Review Article) 1
mannose
carbohydrate-deficient glycoprotein syndrome 1b 510
maple syrup
pseudo-maple syrup urine disease 403
maternal awareness
maternal awareness of sudden infant death syndrome 441
means and proportions
comparison using confidence intervals (Statistics for Clinicians) 583
measles
hepatitis in children with measles 55
measurement
sleep and settle questionnaire 470
mechanical ventilation
inspired gas humidity during ventilation 489
inspired gas temperature during ventilation 495
medical interviews
should parents assess doctors? (Review Article) 531
MELAS; mitochondrial encephalomyopathy, lactic acidosis and stroke-like episodes
melioidosis
tropical Australian infections (Review Article) 326
meningitis
and septicaemia in an infant (Letter) 414
methaemoglobinaemia
oximeter reading in a cyanotic infant 94
micturating cystourethrogram
parents' perception of cystourethrogram 271
misdiagnosis
echocardiography in congenital heart disease (Editorial Comment) 321
mitochondrial encephalomyopathies
de novo A3243G mutation in MELAS 87
mononuclear cells
leucocyte populations in bronchiolitis 146
monosomy 10q
monosomy 10q with partial trisomy 11q 198
mortality
cerebral palsy in Australia: mortality and causes of death 183
mouth ulcers
and fevers (Instructive Case) 507
mumps
use of intravenous megadose corticosteroid in a child with thrombocytopenic purpura (Letter) 525
Munchausen syndrome by proxy
Munchausen syndrome by proxy 240
Murray Valley encephalitis virus
tropical Australian infections (Review Article) 326
mycobacteria
non-tuberculous mycobacterial cervical lymphadenopathy (Instructive Case) 78

nasal CPAP
and outcomes of very low birthweight infants 161
nationwide training
Malaysian neonatal resuscitation training program 118

necrotizing enterocolitis
in full-term neonates (Letter and Reply) 413
in the full-term neonate (Review Article) 1
neonatal cerebral ultrasound
predictors of outcome of preschool very low birthweight children 363
neonatal convulsions
pyridoxine-dependent seizures 592
neonatal resuscitation training program
Malaysian neonatal resuscitation training program 118
neonatal resuscitation
practical aims to maintain skills (Editorial Comment) 103
neonatal sepsis
acridine orange leukocyte cytospin test in diagnosis (Letter) 523
neonatal
infantile cholestasis 47
neonate
and asymptomatic oesophageal perforation (Letter) 523
hepatitis C in premature neonates 244
management of neonatal urinary ascites 513
umbilical cord lactate 24
universal neonatal vaccination against hepatitis B (Annotation) 215
nesidioblastosis
persistent hyperinsulinaemic hypoglycaemia of infancy 483
neuroblastoma
neuroblastoma with respiratory distress 203
neutrophils
leucocyte populations in bronchiolitis 146
newborn
neonatal post-transfusion white cell increment 44
outpatient care of narcotic-dependent infants 266
nutrition
Burkholderia cepacia: Australian strain, no deterioration 130
linear growth in cerebral palsy 376
nutrition of Chinese vegetarian children 247

obesity
low-density lipoprotein subclasses in children 550
odour
pseudo-maple syrup urine disease 403
oesophageal perforation
parents' psychosocial concerns (Instructive Case) 195
osteopetrosis
infantile osteopetrosis 520
osteosclerosis
infantile osteopetrosis 520
otitis media
otitis media in Aboriginal children (Annotation) 529

pacemaker
seizure related bradycardia and asystole 96
pacifiers
pacifier use and breastfeeding 58
paediatric emergency department
paediatric walk-out patients 235
paediatric hyperthyroidism
management of paediatric Graves' disease 176
paediatric melioidosis
in the Northern territory 337
paediatric palliative care
distinctive needs and emerging issues (Annotation) 323
paediatric
external paediatric echocardiography 331
paediatrics
abolishing the bag 437
pain
parents' perception of cystourethrogram 271
palivuzumab
and indigenous bronchiolitis (Letter) 416
palliative care
paediatric (Annotation) 323
pamidronate
bones, groans and blasts (Instructive Case) 504
pancreatitis
Henoch–Schonlein purpura-associated pancreatitis 311
paracetamol
childhood poisoning in Queensland 446
parental stress
sleep and settle questionnaire 470
parenteral nutrition
perforations of PCVC in very low birthweight infants 168
parent-requested treatment
(Ethics) 501
parents of neonates
improving skills of communication with parents of neonates under intensive care (Letter) 415
parents
parent-completed questionnaires 125
Parkinson, James
a pioneer of child care (Occasional Article) 9
passive smoking
smoking and meningitis in children 388
pathogenesis
necrotizing enterocolitis in the full-term neonate (Review Article) 1
rotavirus encephalopathy 206
patient evaluation
should parents assess doctors? (Review Article) 531
PCVC; percutaneous central venous catheters
peabody
breastfeeding and cognitive development 465
perception
cough frequency and perception 142
percutaneous intravenous central catheters
(Letter) 527
pericardial effusion
perforations of PCVC in very low birthweight infants 168
pertussis
first rib fracture secondary to pertussis 91
phaeochromocytoma
asymptomatic bladder phaeochromocytoma 600
phosphomannoseisomerase
carbohydrate-deficient glycoprotein syndrome 1b 510
pleural effusion
perforations of PCVC in very low birthweight infants 168
pneumonia
pneumonia severity and ethnicity 32
poisoning
acetazolamide poisoning in a toddler 411
childhood poisoning in Queensland 446
Munchausen syndrome by proxy 240

polyglutamine
spinocerebellar ataxia type 7 81
polysaccharide
pneumococcal immunization 382
porencephaly
chest physiotherapy and porencephaly 554
postnatal depression
sleep and settle questionnaire 470
postoperative complications
secundum atrial septal defects outcome following surgery 274
post-pericardiotomy syndrome
secundum atrial septal defects outcome following surgery 274
post-streptococcal glomerulonephritis
cerebral vasculitis and acute glomerulonephritis 597
pregnancy
cytomegalovirus infection (Instructive Case) 589
risk factors for small-for-gestational-age babies in New Zealand 369
premature infants
parents' psychosocial concerns (Instructive Case) 195
effect of cisapride in preterm infants 559
inspired gas humidity during ventilation 489
inspired gas temperature during ventilation 495
nasal CPAP and outcomes of very low birthweight infants 161
premature
parent-completed questionnaires 125
prenatal diagnosis
alveolar capillary dysplasia 85
prenatal
pseudo-maple syrup urine disease 403
preterm
chest physiotherapy and porencephaly 554
conductive hearing loss and bronchopulmonary dysplasia 278
prevention
child injury morbidity in New Zealand, 1987–1996 227
preventing infant crying and sleeping problems 289
prostaglandin synthetase inhibitors
infantile cortical periostosis and indomethacin 305
protective devices
scooter injuries in children 567
protein energy malnutrition
cardiac functions in malnutrition 14
Pseudomonas aeruginosa
severe chronic neutropenia 137
pulmonary embolism
paediatric antiphospholipid syndrome 405
pulmonary hypertension
pulmonary hypertension in bronchiolitis 64
pulse oximetry
oximeter reading in a cyanotic infant 94
pyridoxine dependency
pyridoxine-dependent seizures 592

recombinant human erythropoietin
erythropoietin and transfusion in newborns 352
recruitment barriers
vacant positions in rural Australia (Occasional Survey) 113
recurrent abdominal pain
lactase deficiency and recurrent abdominal pain 157
red blood cell transfusion
erythropoietin and transfusion in newborns 352
resistant seizures
pyridoxine-dependent seizures 592
respiratory distress
neuroblastoma with respiratory distress 203
respiratory infection
asthma in Aborigines (Review Article) 108
respiratory syncytial virus
pulmonary hypertension in bronchiolitis 64
rhabdomyolysis
following status asthmaticus 409
rheumatic fever
tropical Australian infections (Review Article) 326
rib fracture
first rib fracture secondary to pertussis 91
risk factors
for small-for-gestational-age babies in New Zealand 369
rotavirus
environmental triggers (Annotation) 218
rotavirus encephalopathy 206
rural
growth of Chinese infants 456

scabies
tropical Australian infections (Review Article) 326
schoolchildren
growth screening in Aboriginal schoolchildren 18
scooters
scooter injuries in children 567
score
cough frequency and perception 142
screening for vesicoureteric reflux
(Letter) 416
screening
parent-completed questionnaires 125
seizures
cerebral vasculitis and acute glomerulonephritis 597
sensorineural
children followed with difficulty 152
sepsis
neonatal post-transfusion white cell increment 44
septicaemia
and meningitis in an infant (Letter) 414
seroprevalence
serovirology of thalassaemic children 564
serum sickness-like reaction
to cefaclor (Instructive Case) 298
severe chronic neutropenia
in Chinese children in Hong Kong 137
sexual differentiation
child of uncertain sex 348
shared bathing
and drowning 542
short falls and intracranial injury
(Letter and Reply) 603
skating
scooter injuries in children 567
sleep
sleep and settle questionnaire 470
small dense low density lipoprotein
low-density lipoprotein subclasses in children 550

small for gestational age
risk factors for babies in New Zealand 369
smoking
risk factors for small-for-gestational-age babies in New Zealand 369
social risk
predictors of outcome of preschool very low birthweight children 363
socioeconomic status
childhood speech disorders 431
sofas
infants sleeping on sofas 476
spasticity
intrathecal baclofen infusion in cerebral palsy 283
speech disorders
childhood speech disorders (Editorial Comment) 431
spinocerebellar ataxia type 7
spinocerebellar ataxia type 7 81
splenic cyst
congenital splenic cyst 400
statistical reasoning
hypothesis tests and the *t*-test (Statistics for Clinicians) 72
status asthmaticus
and rhabdomyolysis 409
steroid
use of intravenous hydrocortisone in Henoch–Schonlein purpura 309
storage
childhood poisoning: access and prevention 262
streptokinase
successful clot lysis in neonates 479
stroke-like episodes syndrome
de novo A3243G mutation in MELAS 87
substance P
slow transit constipation in children (Review Article) 426
substance use
harm reduction in adolescents (Annotation) 5
subtotal thyroidectomy
management of paediatric Graves' disease 176
sudden infant death syndrome
infants sleeping on sofas 476
maternal awareness of sudden infant death syndrome 441
parent views of a research project 51
supervision
childhood poisoning: access and prevention 262
Supplements; S1 Proceedings of a workshop on
meningococcal disease and vaccine policy in Australia – 2000 and beyond
systemic lupus erythematosus
paediatric antiphospholipid syndrome 405

teenage coma
(Instructive Case) 395
teicoplanin
glycopeptide use within a paediatric hospital 342
the business of conferences
(Letter) 319
3β-HSD deficiency
diagnosis and oral bile acid treatment 516
3β-HSD; 3,-hydroxy-$?^5$-C_{27}-steroid dehydrogenase isomerase
thrombocytopenic purpura
use of intravenous megadose corticosteroid (Letter) 525
thrombolysis
successful clot lysis in neonates 479
toddlers
acetazolamide poisoning in a toddler 411
transfusion
neonatal post-transfusion white cell increment 44
transient hyperphosphatasaemia
an important condition to recognize 359
transmission of infections to neonate
transmission of infections in breast milk (Neonatology for the Generalist) 576
treatment
outpatient care of narcotic-dependent infants 266
trisomy 11q
monosomy 10q with partial trisomy 11q 198
type 1 diabetes
environmental triggers (Annotation) 218

umbilical arterial catheter-associated aortic thrombus
delayed diagnosis and treatment (Letter) 526
umbilical arterial catheterisation
successful clot lysis in neonates 479
umbilical venous blood
umbilical cord lactate 24
unintentional injury
child injury morbidity in New Zealand, 1987–1996 227
upper airway obstruction
induced by a caustic substance found responsive to nebulised adrenaline (Letter) 524
urban
growth of Chinese infants 456
urinary ascites
management of neonatal urinary ascites 513
urinary tract infection
abolishing the bag 437
ursodeoxycholic acid
diagnosis and oral bile acid treatment 516

vaccine-associated paralytic poliomyelitis
(Letter and Reply) 98
vaccines
universal neonatal vaccination against hepatitis B (Annotation) 215
vancomycin
glycopeptide use within a paediatric hospital 342
vancomycin-resistant *Enterococcus*
glycopeptide use within a paediatric hospital 342
vasculitis
cerebral vasculitis and acute glomerulonephritis 597
vegetarian diet
nutrition of Chinese vegetarian children 247
very low birthweight
erythropoietin and transfusion in newborns 352
nasal CPAP and outcomes of very low birthweight infants 161
predictors of outcome of preschool very low birthweight children 363
vesicoureteric reflux
screening for (Letter) 416
vitamin B_6
pyridoxine-dependent seizures 592

walk-out rate
  paediatric walk-out patients 235
